

History

### **Alexandre Dumas, lust for life** - 1x52' or 1x90'

This documentary explores Alexandre Dumas' life, tracing his journey through Picardy, Roscoff, and the Caucasus. It features a banquet in his childhood home, showcasing dishes from his "Grand Dictionnaire de Cuisine." The film delves into Dumas' complex personality and his rise to literary fame despite a turbulent family history.

Green

### **Eating: the power to save the Ocean -** 1x52' or 1x90'

Trash collection will not save the ocean, but what's in our plate will. Although the connections between what we eat and the ocean are invisible, they are not less real. We don't think about it because we don't see it, but our diet can have serious consequences on the ocean, those who inhabit it and those who depend on it. Fortunately, it is not too late to move the lines.

Green

### **Hope - 6x52'**

Hope is a six episode series in which six characters accompany us on a journey through some of the most powerful solutions to climate change, all told through personal stories, across four continents and featuring a diverse group of people: farmers, scientists, architects, biologists, engineers, actors, activists, and entrepreneurs.

Science

### **Shapers of Tomorrow - 20x52'**

The Shapers of Tomorrow are back for a second season. Scientists, engineers, researchers, architects, teachers, they are all working towards a better future whether it is in health security, transport, environment, ... From great discoveries to new technologies, they are behind the discoveries and inventions that will design our future life to make it brighter, smarter and more sustainable.

Lifestyle

### **Saint Lawrence : a river of mysteries - 8x22'**

Maritime investigator Samuel Côté dives into mysterious and untold stories. Each episode explores a specific case—some that made headlines in the media, while others slipped under the radar. Through archive research and interviews with colorful characters, he will stop at nothing to get closer to the truth and shed light on the dark secrets of the St. Lawrence.

Sports

### **Football, a way out - 1x45'**

In Rivière-des-Prairies, the football team at Jean-Grou School is trying to rebuild after several difficult years. The mission of Alex and his coaching staff goes beyond just the sport. Every day, they do everything they can to lead the players to victory and, most importantly, to keep them from dropping out and succumbing to the call of the streets.

Factual

### **Animal rescue – 13x21'**

A documentary series as spectacular as it is moving, taking viewers behind the scenes of Canada's only certified technical rescue squad.

Day and night, aboard their emergency vehicle, the thrilling interventions of Éric and his team are documented. These larger-than-life characters are willing to do whatever it takes to save an animal... even if it means risking their own lives !

Society

### **Beginner at autism – 1x52'**

A year ago, Louis T discovered he has had Asperger's syndrome his entire life. Since coming out to the media, he's been flooded with questions from the public every day. Because of that, Louis, who knows nothing about autism, feels completely at a loss. It's to answer these questions and his own that the comedian embarks on a documentary journey to learn everything about this new chapter of his life.

Crime

### **Left to Their Own – 5x26'**

Investigation into the disappearance of children in the 1980s in the Azores. The kids were allegedly sold to American couples who worked at the Lajes military base. Nearly 40 years later, some of these children were found in the United States and are testifying to shed light on this affair.

Science

### **The Amazing Plants Kingdom – 1x52'**

Recent scientific discoveries are shaking up certainties about a world that we thought was very different from ours. Researchers have decided to delve into the plant world to try to understand the functioning and deep nature of plants. The plant kingdom could even reveal beneficial solutions for our future.

Green

### **The Farm Brothers – 1x52'**

When Grégoire and Matthias launch the new market gardening season, each of them is working hard on his farm to give substance to his vision of agroecology. The two market gardeners are brothers. The emulation that emanates from their relationship – often accomplice, sometimes rival – contributes to their commitment to sustainable agriculture.

History

### **Wreck hunters – 27x22'**

The wreck diver Samuel Côté explores the depths of the St. Lawrence River, seeking treasures hidden for decades or centuries. With his team, he uncovers shipwrecks and revives their mysteries, immersing viewers in Quebec's maritime history filled with tales of wars, pirates, and archaeology. Despite the risks, the exciting discoveries enable Samuel to fulfill his mission of restoring the river's history.

## **IN DEVELOPMENT: FRENCH TOUCH – 12X13' – Lifestyle**

French Touch offers a creative journey to discover our regions through those who bring them to life! Each episode is an invitation to meet three artisan entrepreneurs whose unique expertise perpetuates a legacy of craftsmanship. More than just a tribute to tradition, these talents reinvent it by anchoring it in modern times and contemporary trends.

Society

### **Polyamory – 6x26'**

This series offers an incursion into the captivating and sometimes complex world of polyamorous people. While some are just beginning to navigate this relational style, others, more experienced, are ready to take new steps. By meeting these individuals who love in multiples, we gain insight into the sacrifices and effort they put in every day in the name of love.

Science

### **Lights off – 1x52'**

Night has fallen over the countryside between Périgord and Limousin. The nocturnal sounds are beginning to emerge: everything seems calm, but a new world is gradually rising in sound intensity. Owls hoot, deers bark, foxes yelp... In the distance, the bellow of a stag can be heard. Only disturbing screams and harsh sounds that seem to come from another world.

Nature

### **Zoo: a gilded cage – 1x52'**

The documentary aims to enlighten zoo visitors by showing them what they should observe when visiting these facilities. With the help of experts offering a wide range of perspectives, the film does not seek to condemn zoos, but rather to encourage responsible behavior by making each visitor a witness to the practices—whether appropriate or questionable—of each organization.

Travel

### **World in Sight – 8x26' & 10x13'**

Remote places, mysterious people and ancient traditions. There's a whole world in sight. From Mayan cities to Iceland's ice. From camel caravans to eagle hunters, let's travel the world!

Food

### **Origins – 2x52'**

In Origins we travel with chef Vítor Adão, who takes us to Trás-os-Montes, and with chef Cláudio Pontes, with whom we travel to the Azores to discover the impact of their roots on their cuisine, showing how the past leaves its mark on every dish they create.

Science

### **Louis T wants to know – 18x26'**

Concerned with countering single-minded thinking, Louis T investigates to find explanations for topics that are divisive, that he himself struggles to understand, or that challenge him in his daily life. Based on statistics and verified facts, with a variety of viewpoints that invite reflection, each episode is an exciting blend of scientific popularization and humor.

### **IN DEVELOPMENT: BELOW – 4x52' – Wildlife**

A group of divers will lift the veil on the oceans' mysteries by giving a close-up look at the underwater fauna and flora. Choosing to free dive and not to share their diving coordinates in order to not disturb the biodiversity, these eco-divers educate us about a world that is so close to us but yet unknown to the greater number.

Garden

### **Plantmania- 15x26'**

This is the series by Sofia Manuel, better known as "A Triperinha", the queen of "plantmanas". From Instagram phenomenon to 16:9 format, Sofia will transform gray terraces into green paradises, sad balconies into heavenly views, dull rooms into spaces full of life. A series in which, in a fun and educational way, we will all learn more about how to look after our plants.

Food & travel

### **On the road - 2x45' & 4x26'**

A centuries-old heritage, focus of countless studies, Portuguese gastronomy still holds many secrets. In this program, Ljubomir Stanisic, a Yugoslavian in love with Portugal, travels through the flavors and traditions of Portuguese cuisine, reaching the right places to unveil all the mysteries and knowledge that only the locals can share.

Science

### **Nerds: a couple of answers - 12x26'**

Matthieu and Marianne have two things in common: they are nerds and they are a couple. Having dozens of questions that arise from their daily lives, Matthieu and Marianne head out into the field to try to find answers thanks to scientists. As their investigation progresses, we find them in the intimacy of their apartment, sharing the fruits of their discoveries and confronting each other's perspectives on the subject.

True crime

### **Machine Gun Molly - 4x45'**

Machine gun Molly is Monica as told by her son, Gilles Tessier. With the image of his mother as a heroine of popular culture sticking to him, Gilles decides to conduct his own investigation to better understand who she was. It's a look at the legacy of crime passed down from mother to son.

Travel

### **L'île d'Elle, in Antarctica in the footsteps of Commander Charcot - 1x52'**

Jean Yves Lepage is the skipper of "L'île d'Elle". On this sailboat, which he built with his own hands, he takes 6 crew members on a trip to Antarctica. He's a bridge-builder between the world here and the world there, discovered and mapped over a century ago by the father of French polar expeditions, Jean Baptiste Charcot. Between storms and icy swims, wild animals and glaciers, the crew will return transformed.

Travel

### **Sunriders - 1x52'**

The story of Matthieu and Damien, two 24 years old friends who decide to set off on an adventure after their studies. They set themselves the challenge of cycling from France to Singapore. From the Iranian hospitality, to the Buddhist temples of Thailand, through the desert regions of Central Asia, the movie retraces their adventures, difficulties and encounters along the way. An inspiring, emotional and epic movie that will undoubtedly inspire you to set off on your own.
