Green heroes

15x52'

It's been too long already since these two territories have been opposing each other. Today even more than yesterday that we have to face a crisis that has never been seen before, we should reconnect the urban world with the rural world for a common future that is more respectful of the living. Whether they are farmers, breeders, architects or even urban farmers, we are going to follow, in every corner of the earth, the daily life of these women and men of whom know-how is precious for the safekeeping of our planet. What if the sustainability of our cities came from our countryside? What if we committed to a greener future? Let's meet the Green heroes, the precursors of a more sustainable world and the true safe keepers of our natural resources.

Spruce up your home

12x26'

The creator and illustrator, Zoé de Las Cases has given herself THE mission of putting beauty in our daily lives! Accompanied by her band of columnists, she shares with you the best addresses, decoration ideas and dream weekend plans to cultivate your interior!

Shapers of tomorrow - Season 02

10x52'

The Shapers of Tomorrow are back for a second season. Scientists, engineers, researchers, architects, teachers, they are all working towards a better future whether it is in health security, transport, environment, ... From great discoveries to new technologies, they are behind the inventions that will design our future life to make it brighter, smarter and more sustainable.

Vegetables in the city

1x52'

Urban agriculture is a concrete response to the need for city dwellers to reconnect with nature as well as to the desire for "local" food acclaimed by the citizens. In Paris, in some of the most densely populated neighborhoods in Europe, various initiatives are trying to design a more human and more autonomous city to feed itself.

It will put the spotlight on this ecologically innovative buildings that strive for sustainability and to the people that believe in the importance of launching green initiatives that tourists can take part in. It's never been that easy to go on eco-friendly holidays !

Animal shelter

84x26'

A moving docu-reality series about less-than-fortunate furry and feathered animals! Animal Shelter is a unique glimpse into the daily lives of these vulnerable animals, who rely on dedicated employees and volunteers to work tirelessly at saving the creatures' lives and finding them a new family. This endearing, touching series provides an accurate overview of the many challenges and responsibilities that come with adoption, and is sure to pull at anyone's heartstrings!

Supernature 4K 5x52' (hosted) & 3x52' (non-hosted)

There is no doubt, the future is biomimetic! Let us get inspired by the phenomenal powers of nature and copy the super solutions it has developed through evolution in order to solve all our problems and limit the damages that has already been done by human activity. Acquired by broadcasters like Disney, CCTV, SVT, Canal+ Poland, NHK, RTVE...

Building tomorrow

4K 7x52'

Building Tomorrow opens the doors to unique places to discover the meaning and share the secrets of the most ecological architectures in the world. How to design architectures that are both revolutionary and practical? What solutions can be put into practice to make these places comfortable and respectful of the environment? Whether professionals or private; isolated or hidden in the very heart of our urban centers... all over the world, eco-housing is constantly reinventing itself. Avant-garde, visionary, the pioneers of ecological construction innovate and share their sustainable solutions with as many people as possible.

Into the wine

1x52'

Four young women set off to meet winegrowers aboard their faithful Betty, a Volkswagen t3 van, and criss-cross Europe: Spain, Italy, Croatia, Albania, Turkey, and Bordeaux! This road-doc presents in parallel the portraits of these inspiring winegrowers and the reflections drawn from these encounters, during a journey full of twists and turns.

Wildlife rescue

1x52'

Wildlife rescue is a documentary that takes us to the heart of the activities of Refuge Pageau and its employees on a unique and surprising daily basis. From the emergency call that follows the discovery of an animal in distress to its rescue, the film makes us discover the situations facing the team, the emotion surrounding the interventions, as well as the releases, with Marie-Frédérique, an enthusiast who has been involved in the cause of wild animals since her childhood.

Food industry: the unappetizing truth 9x52'

The food industry has always been a big mystery for consumers who, while thinking that they are buying first class products do not have a clue of how these latter really are made. This documentary series aims to put the spotlight on what hides behind this food industry, that is amongst the biggest and most powerful industries of the world. Each of the nine documentaries will investigate the production of a food that is seen on every dinner table and will try to reveal deepest well-guarded secrets of this industry.

Preppers

10x26'

An eye-opening factual series that follows the everyday lives of larger-than-life characters who spend every waking moment preparing for the worst. Follow the host as he journeys deep into the world of neo-survivalists, or "preppers," and gives us a fascinating look at their survival techniques and singular way of life. Suddenly, preppers don't seem so crazy...

Did You Know-new episodes 350x26' or 1000x8'

If you had to explain science to someone who does not know a thing about it, how would you do? You no longer have to ask yourself this question since DID YOU KNOW? is here for that! Every episode is explaining clearly and simply your daily environment: health & well-being, human body, animals, earth, home, food, technology...

Reno rivals

13x52'

The only home renovation competition series that gives you three before-and-after comparisons per episode! Reno Rivals is a renovation competition where we follow three construction sites as three teams try to complete their renovations in three weeks. Participants visit each other to witness the «before» and «after,» and admire the final result. They vote on each other's work based on three criteria: the quality of the work, the layout/ergonomics, and the general impression. A construction expert also judges the teams' work, and his vote counts for one third of the final score.
